**TaTiO**

Crafting Unforgettable Recruitment Journeys

Attract and captivate candidates right from the start with Virtual Job Simulations. Give candidates a glimpse of their future role in a way that written descriptions simply can't match

How TaTiO Elevates Your Process

Attract with Innovation
Stand out with virtual job simulations that bring roles to life, driving more applicants to your openings

Engagement That Resonates
Combat drop-offs and no-shows with fun and informative experiences that forge a strong job connection

Efficient Screening
Our data-driven automation sifts through applicants, letting you focus on top contenders, saving time and resources

Unmatched Benefits

Boost in Applications
Offer candidates to experience the job, not just read about it

Minimize Drop-offs
Offer an engaging job preview — increasing interest and commitment

The Right Fit
The job simulation prediction score reflects candidate's suitability for the role

Quicker Hires
Identify matches faster, reducing your time-to-hire

Lower Hiring Costs
Optimize your recruitment, cutting costs without compromising on quality

Integration with Ease
TaTiO blends seamlessly with your current systems
